

IMT GROUP OF INSTITUTIONS PRESENT

February 1-3
**2015 GLOBAL PARTNERS'
CONCLAVE**
at IMT-GHAZIABAD, INDIA

HARNESSING THE POWER OF GLOBAL COLLABORATION TOWARDS A SUSTAINABLE FUTURE

- ♦ **Network** with internationally renowned institutes, academicians, industry experts and professionals
- ♦ **Breakout Sessions** on Accreditation and International Mobility
- ♦ **Experience Incredible India**

Institute of Management Technology, Ghaziabad

Over the past few years, IMT Ghaziabad has broken into the global elite. Whether in terms of facilities, industry interface and network, faculty quality, research & intellectual quotient, globalization of syllabi, or exchange and tie-ups with international partners, we have built an institution like few others. Our alumni continue to grow from strength to strength and are playing decisive leadership roles in the private as well as public sector, cutting across verticals. In short, IMT has become the institution of choice for India's budding managers and tomorrow's leaders.

Institute of Management Technology, Nagpur

IMT Nagpur, in spite of being only a decade old, has already been able to make a distinct mark among the crowded B-School environment in India. IMT Nagpur probably is the youngest to consistently feature among top B-schools, in various B-school ranks in India, over the years. This speaks volumes about the rapid strides that IMT Nagpur has made in a decade.

IMT Nagpur stands tall in central India with top of the line faculty with appropriate blend of academicians and practitioners, managerial skill development labs, best-in-class infrastructure, inspiring learning resources and unique pedagogy.

Institute of Management Technology, Hyderabad

IMT Hyderabad believes in the philosophy of education built on the belief that the students are responsible adults who come here recognizing the intrinsic rewards of the education they receive. It's an approach to learning that gives our students the freedom to delve deeply into areas of inquiry stimulated by intellectual curiosity and the desire to learn. The emphasis is on critical thinking. The learning processes are student centric and aimed to develop our students into responsible, innovative leaders with a global mindset and holistic perspective. Industry linkage, experiential learning, project based learning, discussion based classes characterize the learning processes.

In short, IMT has become the institution of choice for India's budding managers and tomorrow's leaders.

International Relations Centre @ IMT

The International Relations Centre (IRC), IMT Ghaziabad believes in giving a cracker of inspiration to discover odysseys beyond harbor. IRC prides itself on having the distinction of being a department that undertakes a plethora of activities to help students gain a worldview perspective so that they are groomed to become fantastic future leaders. Through our faculty exchange programs, we bring some of the best academic minds to our campus from our partner institutes and also send our faculty abroad to get global insights on topics of their interests. The STEP (Short term exchange program) for students is tailor made to soak them completely into a different culture within a short span of 1-2 weeks. The itinerary includes classroom study, corporate visits for a practical learning experience and trips to places of political, historical and cultural importance.

Objective of the Conclave

Harnessing the power of global collaboration towards a sustainable future:

To engage in 3 days of intellectual conferences, mind boggling discussions, enchanting exchange of ideas and immerse in a pool of knowledge during the International colloquium on harnessing the power of global collaboration. These 3 days involve several presentations, seminars, discussions by top speakers and industry leaders.

Following would be the key takeaways for our Partner Institutes:

- Build and expand your professional and international network with our existing 80+ partners and other Indian B-Schools through the interactions during the 3 day event
- Exchange Learning ideas with educationists and leading industry experts
- Meet with International Relations Office representatives from different B-Schools all over the world to learn more about their services and hear about updates to their respective systems
- Get an essence of INDIAN culture
- Boost reputation as a truly global organization by participating in the key trademark event of the year

Day 1 & 2: International Colloquium

The networking day includes a holistic interactive session that fosters the true spirit of the grand event and serves as a platform for building networks and developing a healthy relationship between the participating universities. Discussion tables that provide medium for interaction between the universities will be organized to further the cause. These round table conferences themes will further help the discussion and develop interesting insights to the common problems and concerns.

Panel Discussion 1: Economic stability in times of turmoil – Lessons learnt?

Panel Discussion 2: Purpose – the fifth 'P' of marketing?

Panel Discussion 3: New I.C.T trends and changing business landscape

Panel Discussion 4: Jump the wall- A discussion on Entrepreneurship

Additionally, there would be sessions revolving around these topics:

- Exploring business opportunities through exchange programmes
- Influencing student and faculty perception about exchange education
- Importance of vocational training

Day 3: Explore Incredible India

An Experience of a lifetime - Experience the warmth of Indian hospitality, and fall in love with the Indian culture. "Atithi Devo Bhava"-the Sanskrit talisman that the people of India swear by where they believe that "Guest is God".

We are eagerly looking forward to your visit to India to take you through an odyssey of exciting experiences. The flavours and colours of India await you!

Symbol of Love - Taj Mahal, Its creator, Emperor Shah Jahan, said it made 'the sun and the moon shed tears from their eyes'.

Every year, tourists numbering more than twice the population of Agra pass through its gates to catch a once-in-a-lifetime glimpse of what is widely considered the most beautiful building in the world. As one of the wonders of the world, the Taj Mahal is the crown of India's architectural mastery. The monument of love decked up in its marble white splendour leaves the on looker mystified. The Taj is a must-visit place on every avid traveller's bucket list.

Shopper's Delight - Delhi Haat, Delhi Haat situated in the heart of the capital is a one-stop shopping place for tourists which not only offers various arts and handicrafts of India, but also a taste of the ethnic cuisine. Visitors can also witness different performing arts of the country. It is the place to enjoy the multitude of diverse cultures that India is home to.

Soak in the culture - Hauz Khas Village, It is centrally located and offers both rural (Hauz Khas Village) and urban (Hauz Khas Enclave, Market) environments. There's no funkier spot in the capital to shop, eat and generally enjoy the vibe and there is no better place to soak in the cosmopolitan feel of the capital.

Humayun's Tomb - One of the most spectacular Mughal buildings, Humayun's tomb was added to Unesco's World Heritage List in 1993.

Award Ceremony

IMT strongly believes that its partners are the prime reason why it stands apart from others in the field of exchange education. Awards are the best means through which we would like to express our gratitude. On this day, IMT would be extremely pleased to honor your achievements and recognize your valuable contributions. Do join us in the gracious occasion where we award our best partners in various categories. It could be you!

About New Delhi

The capital city of New Delhi is the industrial hub of North India. Its world class conference and convention centres as well as its developed infrastructure have hosted a number of national and international events. The heady mix of tourism potential, business opportunity and the general state of infrastructure make Delhi a preferred destination for staging conferences in India.
