Real Estate Investment Trusts – An Emerging Asset Class

The regulatory environment is fast driving the emergence of REITs, a new asset class capable of generating regular income stream for investors with participation in the real estate sector.

Narayan Krishnamurthy

EDITOR SPEAK

While Real Estate Investment Trusts could provide an effective platform to investors for regular income generation, it is important for financial planners to be mindful of its limitations and advice their clients holistically based on their needs and the product suitability.

Sanjeev S Mudholkar, CFP®

DEBT INVESTMENT

The recent union budget has brought in many changes in the tax provisions which impact fixed income funds. Here is a detailed understanding.

Joydeep Sen, CFP®

PLANNER'S DIARY

Financial Planners need to understand the psychology of the clients and need to help them overcome the biases that could be a hindrance to the achievement of their life goals.

Suresh Sadasivan, CFP®

RISK PROFILING

Financial planners need to develop a thorough understanding of risk, help their clients overcome the biases, and need to profile their clients correctly to be able to deliver effective financial planning services.

Kiran Telang, CFP®

GLOBAL REPORTER

INVESTMENT PLANNING

With the rise of the use of software programs for executing trades on the stock exchanges, it is important to understand the basic concepts and processes of Algorithmic Trading.

Parthasaradhi Madasu, CFP®

CALL LETTER

PRACTICE MANAGEMENT

Technological aids meant to enhance the convenience of consumers, if not used wisely, can lead to indiscipline and also derail the financial plans. Financial planners have an important role in educating the consumers and helping them overcome the perils of technology.

FEATURES
26 All eyes on Clause 135
Human Capital in conversation with Sudheesh Venkatesh, Chief People Officer, Azim Premji Foundation on how organizations can ensure that these numbers are put to use in right direction and spirit.

30 Coaching for peak performance
A people manager’s key responsibility
People managers need to develop the mindset and foundational skills essential for coaching. And use them to help employees find their own answers; staying away from giving instructions.

34 When 30 seconds lead to lifelong lessons
Every domain in the corporate world needs this surge of adrenaline rush from time to time; even if sometimes only to show employees the power of their own cerebral potential.

38 Why vigilance matters!
Whistleblowing requires courage to report the prevalent wrongdoings in one’s own organization, and often against people who one may have worked closely with. It is therefore important that organizations take steps to create a supportive environment for their employees while addressing complaints through a whistleblower program.

42 Take a break Sabbaticals on a high!
Facts, statistics, practices, perspectives and more...

HR PRACTICE
46 Women @ work
Tata Steel’s project Tejaswini may have started over a decade ago, however it continues to hold strong and is devotedly working towards empowering their women workers to unleash their true potential.
CASE STUDY

52 Performance management takes a leap
For the successful implementation of any change management initiative, it is paramount for the organization to give its employees adequate time to accept it. Transparency in communicating and reiterating the key messages and features of the new system helps to get employee buy-ins and in turn ensure smooth transition.

PERSONA

COVER STORY

RURAL VISION 2025
Eliminating the rural-urban divide

The rural industry of India and the government have their task cut out before them – to turn the sector into a powerful economic engine of growth in a win-win situation for all the stakeholders. So what do the rural leaders of India say about their vision for the future and how they can make a ‘dent in the universe’?
